

School Visitor Management

Enhanced Safety and Adherence to Regulations in Educational Institutions

Key Highlights:

- Student Check-In / Check-Out
- Tardy / Early Dismissal
- Background / Predator Checks / Predator
- Emergency Alert Notifications
- Facial Recognition
- Authorized Visitors
- Automated Attendant
- Integrations with Leading Student Management Systems

Overview

The **Splan Vendor/Contractor Management** solution is essential for companies with vendors and contractors in their buildings. Splan's Vendor Management Solution streamlines registration, enhances security and compliance and optimizes operational efficiency. With features like real-time data access, customizable forms, and policy-driven approval flows, Splan ensures smooth operations and improved vendor visitor experiences.

Features

- **Student Check-In / Check-Out:** Tracks students as they arrive and leave the school premises, providing a clear record of attendance.
- **Tardy / Early Dismissal:** Manages instances where students arrive late or need to leave before the regular dismissal time.
- **Background Checks/ Predator:** Interacts with the school environment to ensure the safety and well-being of students, identifying any potential risks.
- **Emergency Alert Notifications:** Communicates emergency alerts and notifications to both staff and parents, enhancing the school's ability to respond promptly to critical situations.
- **Facial Recognition:** Using advanced facial recognition technology, the system helps in identifying and verifying individuals.
- **Authorized Visitors:** This feature allows schools to maintain a list of pre-approved visitors, enabling smoother entry processes.
- **Automated Attendant:** Directs them to the appropriate locations, enhancing the overall visitor experience.
- **Integrations with Leading Student Management Systems:** Seamlessly integrates with popular student management systems, allowing for efficient data exchange and synchronization.

Benefits

- **Enhances Campus Safety**
- **Simplifies Attendance Tracking**
- **Reduces Unauthorized Access**
- **Enhances Emergency Response**
- **Strengthens Parent Communication**
- **Minimizes Security Risks**
- **Enhances Visitor Experience**
- **Increases Accountability**
- **Tracks Check-In/Out**
- **Monitors Campus Access**
- **Enhances Data Accuracy**
- **Enables Time Efficiency**
- **Supports Regulations**

Security and Compliance

With a focus on safeguarding students and maintaining regulatory compliance, it employs robust strategies to enhance safety and adherence. By implementing measures such as background checks, policy-driven approval flows, and document recertification, Splan's solution effectively mitigates risks and safeguards school operations.
